

Appl. No. : **10/767,630**
Filed : **January 28, 2004**

AMENDMENTS TO THE CLAIMS

1. **Canceled**
2. **(Currently amended)** A method of culturing normal human bladder epithelial cells comprising:
 - plating a confluent monolayer of non-proliferating epithelial cells and normal human bladder epithelial cells in medium on a culture support; and
 - incubating the plated cells under conditions appropriate to allow the normal human bladder epithelial cells to proliferate.
- 3.-9. **Canceled**
10. **(Currently amended)** A normal human bladder epithelial cell culture produced by the method of claim 2.
- 11.-20. **Canceled**
